Menara TM (Telekom)

**Description:** **Address:** Jalan Pantai Baharu  
Menara TM which housed Telekom Malaysia Berhad's HQ was awarded the MSC Malaysia Cybercentre status in 2004 and is now known as TM Cybercentre Complex.

It is an intelligent building situated along Jalan Pantai Baru and the Federal Highway and is being served by the Rapid KL Kerinchi LRT station. It is a prestigious office complex officially opened in February 2003. The building offers advanced broadband facilities in addition to the state-of-the-art office features and environment. The facilities provided are based on MSC Malaysia standards as stipulated by the Multimedia Development Corporation. The built-up area of the offices ranges from 9,600sf to 15,000sf.

Its strategic location between KL & PJ provides an excellent alternative for MSC Malaysia Status companies who are looking for corporate image and conveniences in terms of accessibility.
